The University of Arkansas – Pulaski Technical College in North Little Rock, Arkansas, is accepting applications for Part-Time Instructor of Aerospace Maintenance. University of Arkansas – Pulaski Technical College provides access to high-quality education that promotes student learning and enables individuals to develop to their fullest potential.

SALARY RANGE:

Position Summary:

University of Arkansas-Pulaski Technical College in North Little Rock, Arkansas is accepting applications for a part-time, adjunct faculty position as an Aircraft Maintenance Instructor. This position requires a commitment to teaching in a dynamic technical college setting and the ability to successfully interact and respond to the broad ranging needs of an academically and culturally diverse campus setting. The successful candidate will join our instructional team in this Spring.

General Responsibilities:

Duties and other responsibilities of this position include:

- Participates in ongoing curriculum development, implementation, assessment and evaluations.
- Utilizes innovative teaching strategies to meet learning objectives as defined by federal aviation regulations.
- Plans and organizes lesson plans, reference materials, syllabi, technical and other aerospace specific training aids.
- Maintain professional competence and participates in professional development activities.
- Performs other related tasks as assigned.
- Maintains an established schedule.
- Establish and maintain positive collaborative working relationships with students, colleagues and staff.
- Candidates for this position must possess a thorough knowledge of the aerospace field, federal aviation regulations, have a commitment to high academic standards and a dedication to student success.

Minimum Qualifications:

- Possess a Federal Aviation Administration (FAA) Airframe and Power Plant Certification (A & P).
- Ability to create presentations using PowerPoint software.
• The successful candidate must possess required knowledge and be able to explain and demonstrate, with or without reasonable accommodations, that the essential functions of the job can be performed.
• Candidates must be flexible to teach scheduled classes.
• Candidates must be punctual for classes.
• Candidates must possess excellent written and oral communication as well as interpersonal skills.

Preferred Qualifications

• Inspection Authorization (IA). Three years teaching in an FAA certified instructional facility as an A & P.
• An Associate Degree in Aerospace Technology or higher.
